This 25(b) product is exempt from registration with Federal Environmental Protection Agency under FIFRA regulation. Which are ingredients that can be used in pesticide products that are exempt from the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) under the minimum risk exemption regulations in 40 CFR 152.251(i). BAC is an antimicrobial cleaner for hard and soft surfaces and will repel insects. BAC will clean mold on surfaces. Will clean stainless, countertops, floors, walls, soil, and is effective against odor causing bacteria. For use in home, business, agriculture equipment, veterinary locations, and cleaning in hospitals.

First Aid

Avoid contact with eyes. If in eyes, flush with clean water for 15 minutes. If on skin, wash with clean water. If irritation persists, contact a physician. Have the product container or label with you when calling or visiting a doctor for treatment.

Storage and Disposal

Store at room temperature. Do not freeze. Do not reuse the container. Dispose of in trash or offer for recycling.

Dilution

Ready to use formula.

Grown Organically

Thyme oil, Lemon oil, Lemongrass oil, Soap and Citric Acid

Directions for Use

Antimicrobial effective against odor-causing mold and bacteria. No harmful residue that must be removed. No rinsing or wiping is required. This product utilizes plant-based ingredients that are non-toxic and biodegradable, non-flammable, non-combustible and non-corrosive.

This product is easily fogged, sprayed and applied electrostatically. For cleaning, spray and wipe. For heavy stains, soils, organic soiling, apply for 2-5 minutes and rinse away. Apply on hard surfaces for sealant protective coating. This product is suitable for use on hard, porous and non-porous surfaces. This product is a one-step deodorizer cleaner. Allow to air dry. This product is compatible with most surfaces. Spot test for surface compatibility. Use on all surfaces, laundry, floors, countertops, cutting boards, bathtubs, sinks, woodstone, glass, stainless steel and more.

Application methods

Electrostatic Spray - approximately 7500 sq.ft. 3-D application.

Fogging - approximately 1500 sq.ft.

Spray bottle - approximately 550 sq.ft. per gallon.

Recommendations

When applied using an electrostatic sprayer, it is recommended operator wear protective eye covering and gauze mask. This product requires no warning labels.
